

PRODUCT DATA SHEET

Athena

DESIGN BY:

Naoto Fukasawa
2015

MATERIALS:

Base and stem in aluminum. Head in extruded aluminum with heatsink in cast aluminum.

DESCRIPTION:

A floor lamp with indirect diffused emission, whose minimal footprint is the main feature of the project. Two identical thin discs at the base and top are connected by a slender tubular stem. Its minimal elegance makes it a timeless object. Its simple forms are ideal for any public and private environment and match with any style.
