

## Unterlinden Table - LED 3000K Brass

IP20  

### DESIGN BY

Herzog & De Meuron

### DESCRIPTION

The design partnership with Herzog & de Meuron continues to follow the development of their architectural designs, which often offer opportunities to think about developing new lighting solutions. In multiple projects designed with the firm Herzog & de Meuron, including the Feltrinelli Foundation in Milan as the latest, the suspension appliance Unterlinden has conveyed its versatility through a variety of special versions. These include Unterlinden table, a new entry in the catalogue. It is a table lamp with a thin metal stem that allows to set the head in the perfect position to ensure excellent, non-glaring illumination of the working area.
